## Laurent-Perrier's 'Le Vase'

Here at Scout we're dedicated to keeping you out of the doghouse. Sometimes we bring you dual purpose gifts like Laurent-Perrier's "Le Vase," a crystal ice bucket created for chilling a bottle of cuvée rosé brut as well as for showcasing a bouquet of spring flowers. Created in 1933 from Baccarat's workshop of original drawings, the template from Le Vase was referred to as "The Perfection" with a branch of pink

cherry blossoms etched across the crystal vase. Le Vase comes with a bottle of Laurent-Perrier Cuvée Rosé Brut in a decorative gift bag for \$1,200. Now, that should keep you on good terms for at least . . . two weeks. Available now nationwide at retailers and [www.laurentperrierus.com](http://www.laurentperrierus.com)
